

Learning disability community support

Presented by Sal Bryant and Anjalene Whittier

- Centre 404 does community support for all of Camden.

- This is because The Camden Society closed.

- It's time to buy more support. This is called **re-tender**.

- We want to make sure we get the right service.

- It will start on 1st October 2025.

We heard that people want support with:

- Making friends

- Being healthy

- Having healthy weights

- Getting and keeping jobs

Should we add something else?

- Can you think of ways you want to see this get done?

- What support would you like to make friends?

- How do you want to be supported?
