Statement of reasons

Healthy school streets - Christchurch Hill area: experimental prohibition of motor vehicles

The Camden (Prescribed Routes) (Christchurch Hill area) (No. 1) Experimental Traffic Order 2025

As a part of the Healthy School Street programme, a trial Healthy School Street scheme for Christ Church Primary School is being introduced under an Experimental Traffic Order (ETO).

Healthy School Street schemes aim to reduce the amount of traffic directly outside schools at drop off/pick up times, creating a safer and more welcoming environment and encouraging the use of active and sustainable modes of transport.

The Christ Church Primary School Healthy School Street motor vehicle restrictions will be in place on the following streets on weekdays during school term time between 8.30am – 9.15am and 3pm – 4pm in

- Cannon Place, between its junctions with Holford Road and Squire's Mount;
- Christchurch Hill, between its junctions with Well Road and Cannon Place;
- Elm Row, between its junctions with Heath Street and Hampstead Square;
- Hampstead Square, between its junctions with Heath Street and Elm Row;
- Holford Road, between a point 8 metres north of the common boundary of Nos. 5 and 6 Holford Road and its junction with Cannon Place; and
- Squire's Mount, between its junctions with East Heath Road and Cannon Place.

The implementation of the proposed trial motor vehicle restrictions aims to reduce the amount of traffic outside the school at key school run times.

The reduction in traffic could have associated positive impacts on road safety and walking, cycling and scooting conditions for residents, school children, workers, and visitors to the area, and could help to improve air quality in these local streets.

Residents living on the streets subject to the Healthy School Street restrictions will be able to apply for an exemption to the scheme so that they can still access their properties by motor vehicle at all times. Penalty Charge Notices will not be issued to anybody driving out of the scheme area. Deliveries and visits from friends/relatives will need to be scheduled outside of the operational hours of the scheme.

Plus Bus Door to Door and Dial A Ride services will be exempt, and exemptions will be available for Blue Badge holders that require access to an address within the Healthy School Street and for carers and residents that are reliant on door-to-door transport.

The ETO for the scheme will be in place for up to 18 months. Monitoring data will be collected during this time to understand the impacts of the scheme on streets within the scheme area. The decision regarding whether or not to make the scheme permanent at the end of the trial will be based on monitoring data, feedback received during the trial period, Council policy and strategies.
