

Free Coworking Spaces For Your Business

L A B S

Camden Council has partnered with LABS to provide free co-working space to residents in Camden. LABS offer includes:

Inspiring workspaces for start-ups, SME's and established companies

Learn and grow with a community of businesses

Access LABS community via the app

Workshops and socials
Networking opportunities

LABS have created a community of entrepreneurs co-working to grow their businesses in the smartest office space in town, located across Camden. LABS's community managers are on hand to help you with everything from hosting an event to investment advice. LABS members benefit from free WiFi, high-quality catering, impressive event space, fixture and decor and audiovisual equipment.

To apply for a co-working space and to find out more, please contact economicdevelopment@camden.gov.uk or visit camden.gov.uk/workspace for more information. Deadline for application forms is **4th August 2025**.

"It means that I can focus on the bigger picture, whilst supporting and giving employment to others who share the same passion for education and the arts. Finally, I can engage with sponsors to media groups to enhance our message: 'Solution based Drama for Wellbeing and Success'.

"I will be in the company of other entrepreneurs and practitioners all contributing to make our lived experiences a richer and inspiring one. LABS is unlike other shared office spaces, it is a community that offers real communication, opportunities to share workshops, engage with novel ideas and enhance the business journey".

Vanessa Browne
Director of Sankofa Storytelling Arts
