

Regularisation Application Form - Building Control

Please read the attached notes before you fill in this form

Regularisation application is suitable where unauthorised work has been carried out on a property, it may be possible to obtain a Regularisation Certificate.

- NOTE: Any building work carried out before 11th November 1985 is not eligible to be regularised. (Reg.18(1))

'Unauthorised' building work is work that was carried out without an application having been submitted and accepted by us before work started. When a Regularisation Certificate is issued, it provides evidence (but not conclusive evidence) that the requirements of the Building Regulations specified in the certificate have been complied with at the time when the unauthorised work was carried out.

COMPLETION OF WORK

Before issuing a Regularisation certificate, the Building Control Inspector needs to be satisfied, inter alia, that:

- The building work complies with the Building Regulations, as set out in Regulation 4, and
- We have received all required reports, information, test, installation, and commissioning certificates
- Duty Holders (Principal Designer and/or Contractor) submitted a Declaration of Compliance in accordance with Regulation 16(4)

IMPORTANT NOTE

If the works are not completed in a single start-to-finish operation and it stops in between for any reason for 6 months or more the application will be considered to be placed in abeyance or work stopped etc. There will be an additional charge to resurrect the application. The charges would be equivalent to two hours of our hourly rate at the time of resurrection.

If the work does not start within 3 years of the validation date, the record will be marked as lapsed. A new application will need to be submitted together with new drawings and charges. There will be no refund.
