## 1 INTRODUCTION

The purpose of a SAR is to identify lessons to be learned and make improvements to prevent future harm, rather than to apportion blame.

Under Section 44 of The Care Act 2014, Safeguarding Adults Boards, (SABs) have a statutory duty to conduct a Safeguarding Adults Review (SAR) when an adult in their area:

- 1.1 With care and support needs (whether or not those needs are met by the Local Authority) in the SAB’s area has died as a result of abuse or neglect, whether known or suspected, and there is concern that partner agencies could have worked together more effectively to protect the adult.
- 1.2 Has experienced serious harm due to abuse or neglect and there is a concern about multi-agency working
- 1.3 The SAB has discretion to undertake a SAR in other situations where it believes that there will be value in doing so.

London Borough of Camden Safeguarding Adults Board’s SAR Subgroup took the decision In January 2023 to commission mandatory Safeguarding Adults Review (SAR) under Section 44 of The Care Act 2014 in recognition that the case may provide learning to support improved practice in response to “concerns about how agencies worked together to safeguard “Brandon” from self neglect”.

- 1.4 The SAR has been overseen by SAR Panel comprising the independent reviewer and senior leaders representing relevant partners.

- 1.5** The SAR report has been signed off by the SAR Panel as well as the SAB's SAR Subgroup and is presented here for agreement by the SAB.
