

## What helps us at Planning Together and getting it done groups

Send us the papers at least **2** weeks before the meeting

The co-chairs need to have a meeting together to prepare

Ask speakers to bring presentations with

- pictures
- big print
- and easy words

Use the red card if you want to speak

Speak slowly and don't use jargon

We might need more time or extra support to say what we think

We need a break every hour

Sitting at small tables helps us to get to know each other

Talking in small groups helps us to understand and have our say

It is good to have votes to make decisions

Be clear about the actions and who is doing them

Thank you for listening
